

Pharmacy Refrigerator

— **HYC-610**

Ergonomic Design

LED Temperature Display

- Display precision 0.1°C.

Multiple Alarm Functions

- Alarms including high and low temperature, remote alarm, sensor error, power failure, low battery, door ajar.

Adjustable Shelves

- The shelves are adjustable to any height to fulfill different user requirements.

Large Storage Space

Lockable Design

Self Closing Door with 90° Stay Open Feature

Intelligent Reagent Refrigerator — HYC-610

Product Advantages

Energy Efficient Hydrocarbon (HC) Refrigeration System

Imported efficient inverter compressor with optimized cooling system, more energy efficient.

Greener by Design

Hydrocarbon compressor and refrigerant, the refrigerant does not contain any fluorine or chlorine, greener and environmentally friendly.

Energy conserving, maintains temperature uniformity to protect valuable samples.

Superior cabinet temperature uniformity, automatic defrosting

The distribution point for performance tests in the cabinet increased from 2 to 9 points.
